UNITY   UE5	██████████████████
C   C #	██████████████████
Python   Js   HTML   CSS	██████████████████
Max.MSP   PureData	██████████████████

## ABOUT

I've been producing music for 8 years, with the piano as my main instrument.

After a degree in audio engineering, I've now settled on specializing myself in sound for visual media, working on sound design and music for short movies, fashion films. audiovisual installations and video games.

Working with sound is somehow the only thing that ultimately satisfies and completes me.

## EDUCATION
